

VM99S9D

Stylish design and impressive display quality. Additional geometry controls for fine image adjustment. User friendly OSD menu system with 10 pre-set factory modes and 6 user programmable modes. Plug & Play compatible, low radiation, TCO99 and low power consumption.

Compatibility	UXGA,SXGA,XGA,SVGA,VGA
CRT Size & Deflection	19", 90°
CRT curvature	Flat Square
Display Area (HxV)	18" Diagonal
Full scan capable	Yes
Phosphor and dot pitch	P22/0.26mm
CRT transmission rate	42~53%
CRT surface treatment	Non-glare, anti-static
Video input type	Analog RGB
Horizontal Scan Freq.	30~96KHz
Vertical Scan Freq.	50~160Hz
Preset Modes:	1600 x 1200 (75Hz)
10 preset timings (see right)	1600 x 1200 (60Hz)
6 user timings	1280 x 1024 (85Hz)
	1152 x 870 (75Hz)
	1024 x 768 (85Hz)
	832 x 624 (74.55Hz)
	800 x 600 (85Hz)
	720 x 400 (85Hz)
	640 x 480 (85Hz)
	640 x 480 (60Hz)

User Controls	Brightness, Contrast, H-Center, H-Size, V-Center, V-Size Pincushion, Trapezoid Pin-balance, Parallelogram Rotation, Colour temp, User colour, Degauss, H-V-Moiré Reduce Language selection Disp. Frequency, Recall
User Controls	Power On/Off, Menu Select 1/2 Adjustment Up/Down
Power adapter	100~240VAC 50/60Hz
Power consumption	On <130W Off < 5W
Dimensions (WxHxD)	Unpacked 452x460x463mm Packed 565x595x575mm
Weight	Net 20.0 Kgs Gross 22.0.Kgs
Certification	TUV/GS, MPRII, SEMKO, TCO99, CE
VESA DDC compliant	Yes
VESA DPMS compliant	Yes, Power save
Plug&Play	DDC1/2B
